

# **BUY AND SELL PORTAL**

## **PROJECT REPORT**

### **Project proposal:**

In compliance with the present world scenario where buying and selling can also be digitalized we have many ecommerce websites for this purpose. Our project is to build an ecommerce platform.

In this website the user must register into the site by providing certain details about him or her and they should have a unique username and they will have to create their own password by which they can login into the page. After logging in the user will be directed to the home page. On this website the user can buy the desired product. The various categories of products that are available are shown on the home page, there the user can choose them to buy. From there they will be directed to the respective pages and the products that they want to buy must be added to cart and then she or he can place the order from them by making the payment.

### **Development tools used:**

#### **→ Frontend :**

- Html , CSS , Javascript , Bootstrap

#### **→ Backend :**

- Python , Flask

#### **→ Database management system :**

- MySQL

Developed By:  
Avinash Kumar Himasnhu  
Lavanya Danduprolu

## **Special Points**

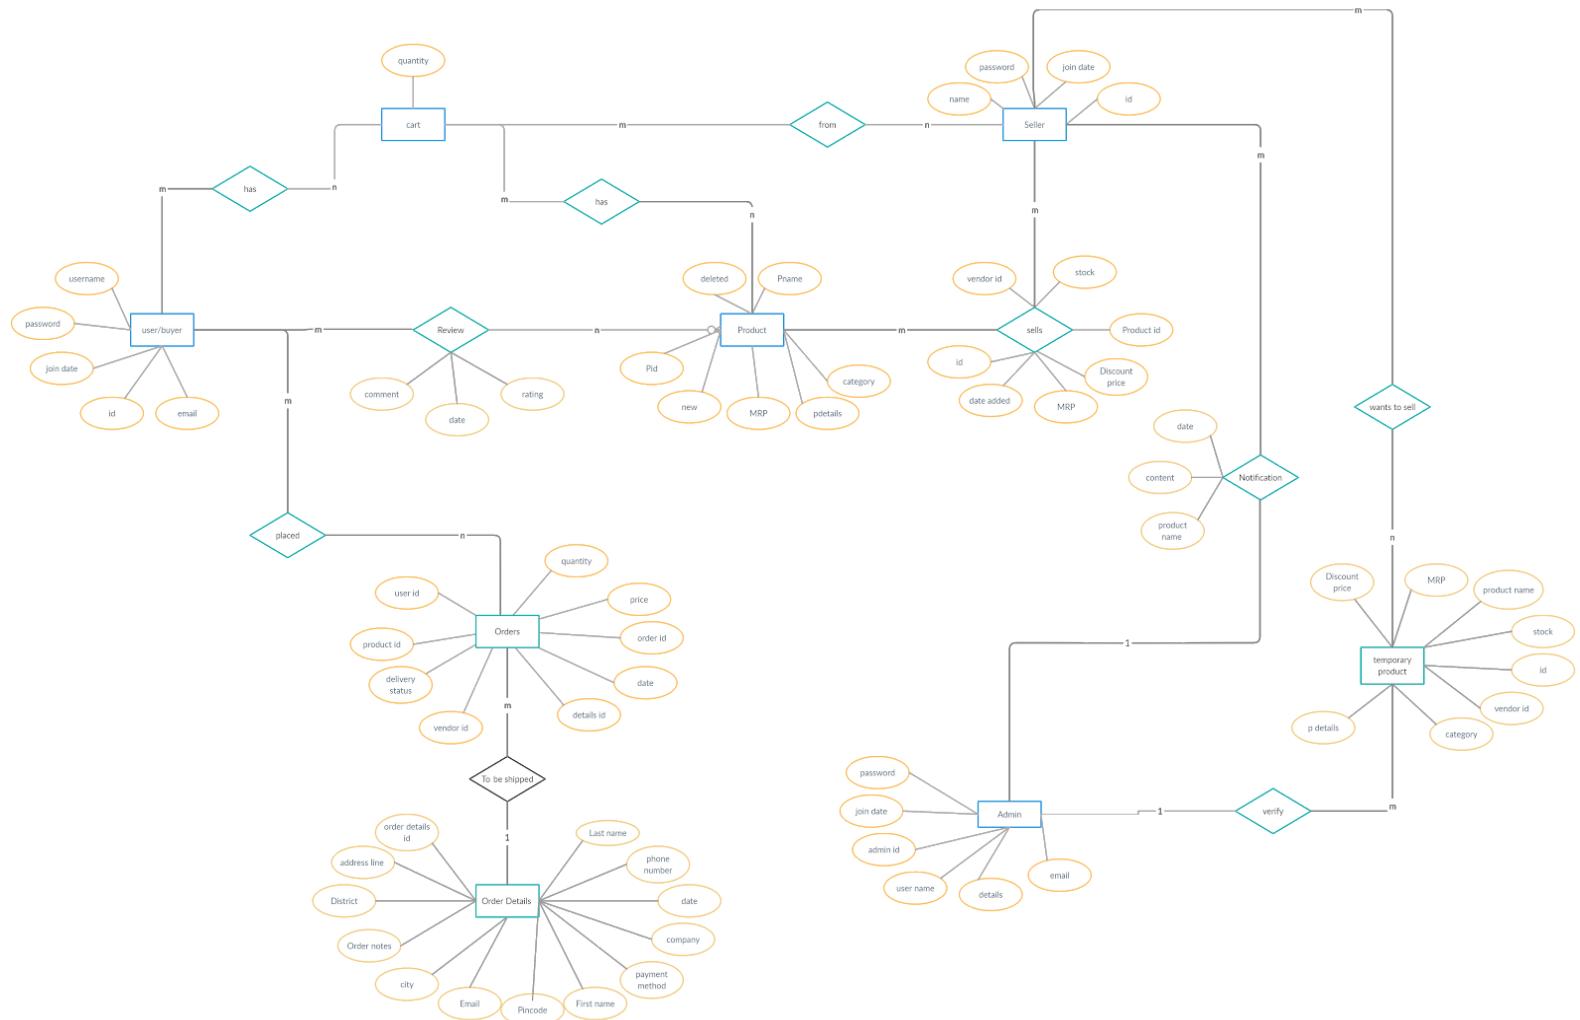

- Password encryption
- Email verification while signing up
- Forgot password
- Allowing users to access only particular URLs using sessions.

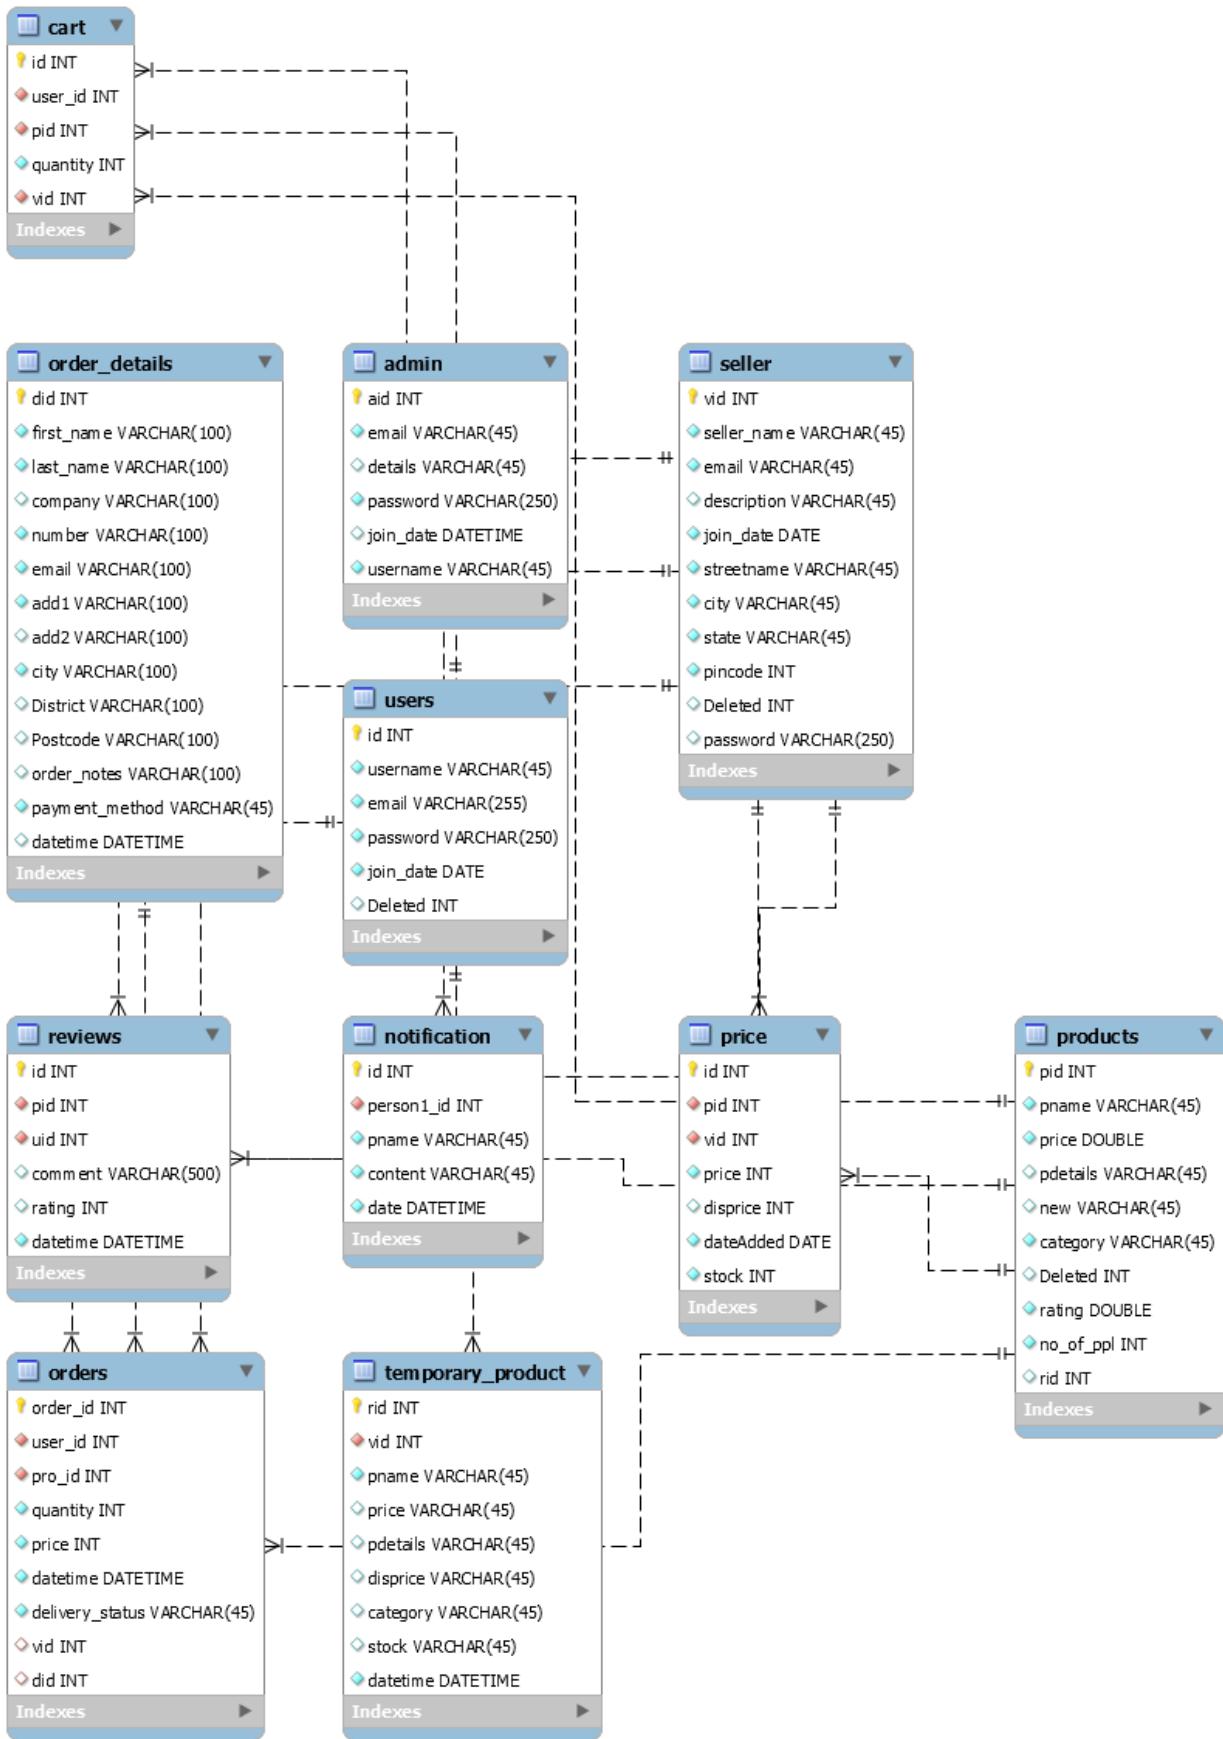

# Website Database :

A Database is a collection of interrelated data containing information related to an enterprise. Databases are widely used in almost every field.

Our website needs a database which can handle the data related to all the products, users and orders. We will have to make many entity sets in order to store all this information in an organized way.

## ER-Diagram:

The data we need to store is :

- ❖ User details
- ❖ Product details
- ❖ Order details
- ❖ Vendor details
- ❖ Price, Discount, Stock details
- ❖ Reviews and ratings

## **Database tables (PK=PRIMARY KEY,FK=FOREIGN KEY)**

There are a total of 11 tables in this database

The tables are as follows:

- **Users:**

User details will contain information about user, this information is collected from the user during sign in

This will contain a entity set with the following attributes :

Id (PK)	username	email	password	join_date	deleted
---------	----------	-------	----------	-----------	---------

- **Seller:**

All the vendors who want to sell their products will be stored in this table. This will contain a entity set with the following attributes :

Vid (PK)	seller_name	email	description	join_date	Street name	city	state	pincode	Deleted	password
----------	-------------	-------	-------------	-----------	-------------	------	-------	---------	---------	----------

- **Products:**

Product details will contain complete information about the product

This will contain a entity set with the following attributes :

pid(PK)	pname	price	pdetails	new	category	deleted	rating		
---------	-------	-------	----------	-----	----------	---------	--------	--	--

- **Product-Vendor Relation Table:**

This table is a relation table between vendors and products. It contains a list of all the vendors and the products they are selling. It contains the following attributes:

id(PK)	pid(FK)	vid(FK)	price	disprice	dateadded	stock
--------	---------	---------	-------	----------	-----------	-------

- **Orders :**

Order details will contain details of all the orders that are placed  
This will contain a entity set with the following attributes :

order_id(PK)	User_id (FK)	Pro_id (FK)	quantity	price	datetime	delivery_status	Vid (FK)	Did (FK)
--------------	--------------	-------------	----------	-------	----------	-----------------	----------	----------

- **Cart Details:**

There is also a option to put the products in the cart entity which has following attributes:

id(PK)	user_id(FK)	pid(FK)	vid(FK)	quantity
--------	-------------	---------	---------	----------

- **Order\_details:**

This table has details of order like first name and last name of the user ordering,number,email,address to which the products should be delivered including city,district,postcode,method of payment,date and time of order .

did(PK)	first_name	last_name	company	number	email	add1
---------	------------	-----------	---------	--------	-------	------

add2	city	district	postcode	order_notes	Payment_method	datetime
------	------	----------	----------	-------------	----------------	----------

- **Reviews Table:**

This table shows the complaints that the customers put for a specific product, this can be viewed by the vendor. It contains the following attributes:

id(PK)	pid(FK)	uid(FK)	comment	rating	datetime
--------	---------	---------	---------	--------	----------

- **Notification**

This table contains unique id(PK),id of person,name of the person,content which will be sent as notification,date.

id(PK)	Vid(FK)	pname	content	date
--------	---------	-------	---------	------

- **Temporary Product Table:**

This table contains all the products which are requested by the vendor to sell on the website. Admin can accept or decline the request.

rid(PK)	vid(FK)	pname	price	pdetails	disprice	category	stock	datetime
---------	---------	-------	-------	----------	----------	----------	-------	----------

- **Admin Table:**

This table stores the email and other details of the Admins, this gives them access to the various Admin rights. It contains following attributes:

aid(PK)	email	details	password	join_date	username
---------	-------	---------	----------	-----------	----------

## **Working of website:**

This website includes 3 different kind of interfaces i.e.

1. User Part (customer side)
2. Vendor Part (seller side)
3. Admin part

When we first enter the website we are directed to the login page where the person can login as **user(buyer), seller or admin.**

### **1.Loginpage:**

↑

On the left side we have option to create account if we don't have one.

## 2.SignUp Page:

The screenshot shows a sign-up form for 'Estore'. At the top, there's a black bar with the phone number '+91-9876543210'. Below it, the word 'Estore.' is displayed in blue. The main heading 'Create An Account' is centered over an image of a leather belt and a buckle. To the left, a dark purple sidebar contains the text 'Already Have an Account?' and a 'SIGN IN' button. The main form area has a white background with a light gray border. It includes fields for 'Username', 'Email', and 'Password', and a dropdown menu set to 'Buyer'. A large 'SIGN UP' button is at the bottom. A small blue circular icon with an upward arrow is located to the right of the form.

SIGN UP

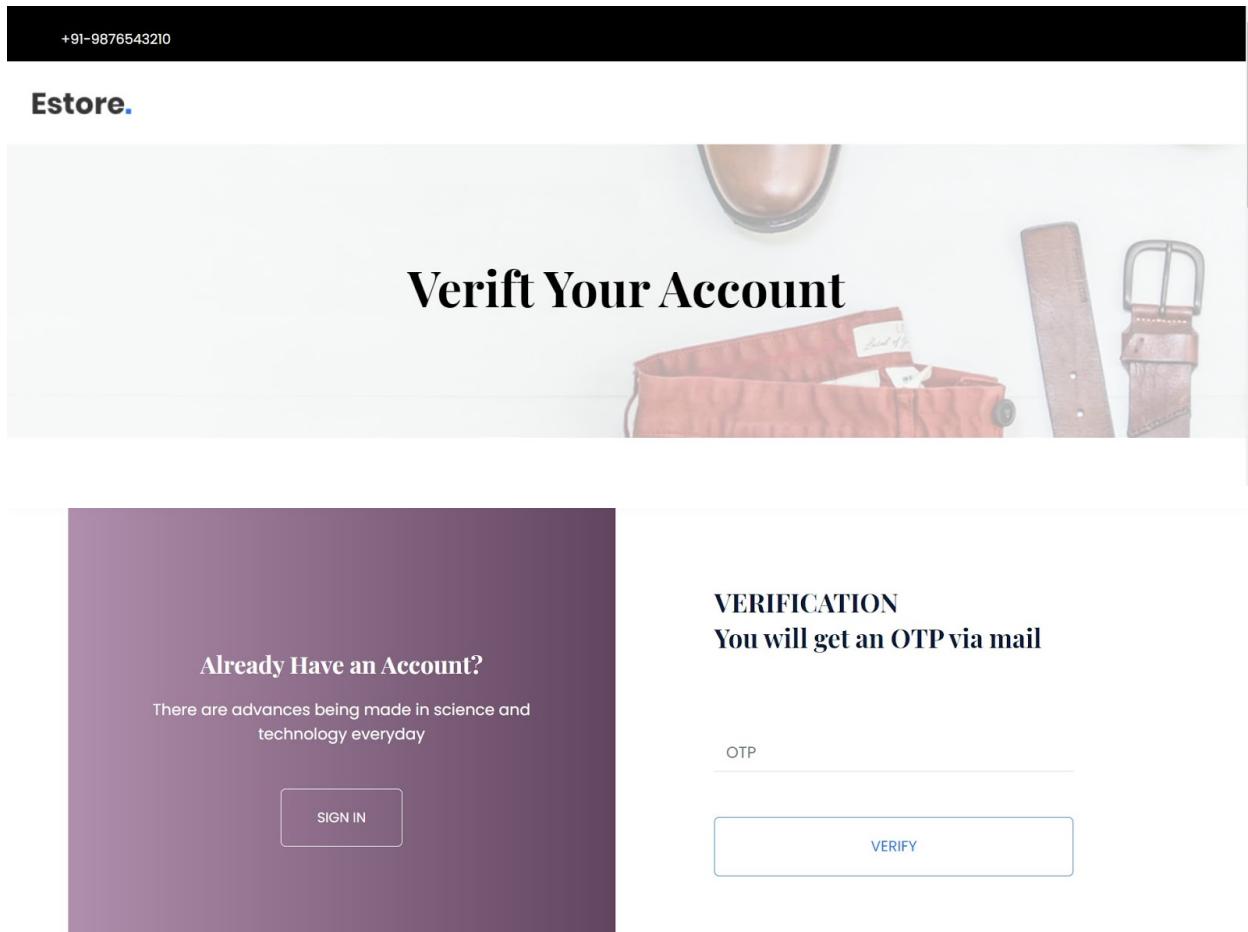

↑

By entering the a valid email and a username, password and choosing the domain(buyer/seller) user will get the a verification otp to the email like below:

### **3.Account Verification through email:**

We should enter the otp we got here and will be allowed to login

Here if the otp entered is matching then your account will be created or else you need to go to the sign up page again and enter the details again. After verification you should login again and can enter the website.

#### **4.Forgot Password/Reset Password:**

The image displays three screenshots of a mobile application interface for password recovery, arranged vertically. Each screenshot shows a dark purple background with white text and a central 'SIGN IN' button.

- Screenshot 1 (Top):** The title 'Remember Password?' is at the top. Below it is a placeholder text: 'There are advances being made in science and technology everyday, and a good example of this is the'. A 'SIGN IN' button is at the bottom.
- Screenshot 2 (Middle):** The title 'Remember Password?' is at the top. Below it is the same placeholder text. A 'SIGN IN' button is at the bottom.
- Screenshot 3 (Bottom):** The title 'Remember Password?' is at the top. Below it is the same placeholder text. A 'SIGN IN' button is at the bottom.

To the right of the screenshots is a user interface for account recovery:

**Enter your account's email address**

Email

Buyer

**SEND OTP**

**VERIFICATION**  
verify your account to reset your password

OTP

**VERIFY**

**Welcome !**  
**Enter new password**

New password

Confirm New Password

**SIGN UP**

A person who already has an account of that domain(buyer/seller/admin) can reset his/her password of that domain through email verification.

## **USER PART(BUYER):**

Here the user who is visiting the website has to make an account and login, we sell various products classified under different categories. The user can visit the category page and choose the category and then select the desired product. He can either buy it directly or can also add to cart. Users can also go to the cart page and checkout from there. Then the user will be redirected to the checkout page where the user can enter the delivery address and method of payment. Then the order will be placed. User can check the orders in my orders page where he can also give the review to the product after the delivery.

Below is the image of how the navigation bar of the user page looks like:

Now let us know the functionality of each link on it one by one.

## 1.Home page: (whenever we click on Home)

The screenshot shows the homepage of the Estore website. At the top, there is a black header bar with the text '+91-9876543210' on the left, 'Logout(Sruthi)' and 'Cart' on the right. Below the header, the main navigation menu includes 'Home', 'Catagories', 'Contact', and 'My Orders'. The main content area features a large image of a young girl wearing a pink beanie and a white sweater, looking surprised and pointing upwards. To her right, the text 'unlimited Discounts' is written in blue, followed by a large, bold title 'Winter Collection'. Below the title, a subtitle reads 'Best Cloth Collection In 2020!'. The 'Latest Products' section follows, displaying three items: men's plaid shorts, a men's top with 'TOO COOL FOR MONDAYS' text, and a women's yellow ribbed top. Each product has a 'New' badge, a star rating, the product name, price, and a red strikethrough price.

# Winter Collection

Best Cloth Collection In 2020!

## Latest Products

**New**

Men's short

100 INR ~~200.0 INR~~

**New**

Mens's top

200 INR ~~400.0 INR~~

**New**

Women's top

344 INR ~~400.0 INR~~

This is the place where all the **latest products** on the website are displayed (separately) in a similar way as the category page.

## 2.Categories :

The screenshot shows a web page titled "Product Catagories". At the top, there is a black header bar with a phone number "+91-9876543210" on the left, and "Logout(Sruthi)" and "Cart" on the right. Below the header, the word "Estore." is displayed in blue. To its right are links for "Home", "Catagories", "Contact", and "My Orders". The main title "Product Catagories" is centered above a grid of three product items. The first item is a pair of men's plaid shorts labeled "New". The second item is a green sweatshirt with the text "TOO COOL FOR MONDAYS" labeled "New". The third item is a yellow ribbed top, also labeled "New". Each product has a star rating of "(0)", a description, and a price. A blue circular arrow icon is located to the right of the yellow top.

New

Men's short

100 INR ~~200.0 INR~~

New

Mens's top

200 INR ~~400.0 INR~~

New

Women's top

344 INR ~~400.0 INR~~

So currently we have only 4 categories.

Products of each category is shown in the form of grid (product card)

Each Product card has following details:

- ❖ Product Name
- ❖ Product Image
- ❖ **Minimum Price** : Minimum price offered by seller (as a product can be sold by multiple sellers)
- ❖ MRP : maximum retailing price of product
- ❖ Rating (along with no. of people rated): average of rating given by the buyers of that product.
- ❖ New : A tag which tells the product is new(latest) .

On clicking the name / image of the product:

*The user will be redirected to the Product details page where by default selected seller will be the seller with **minimum price**.*

### 3.Single Product Page :(by clicking on the product name)

## Product Details

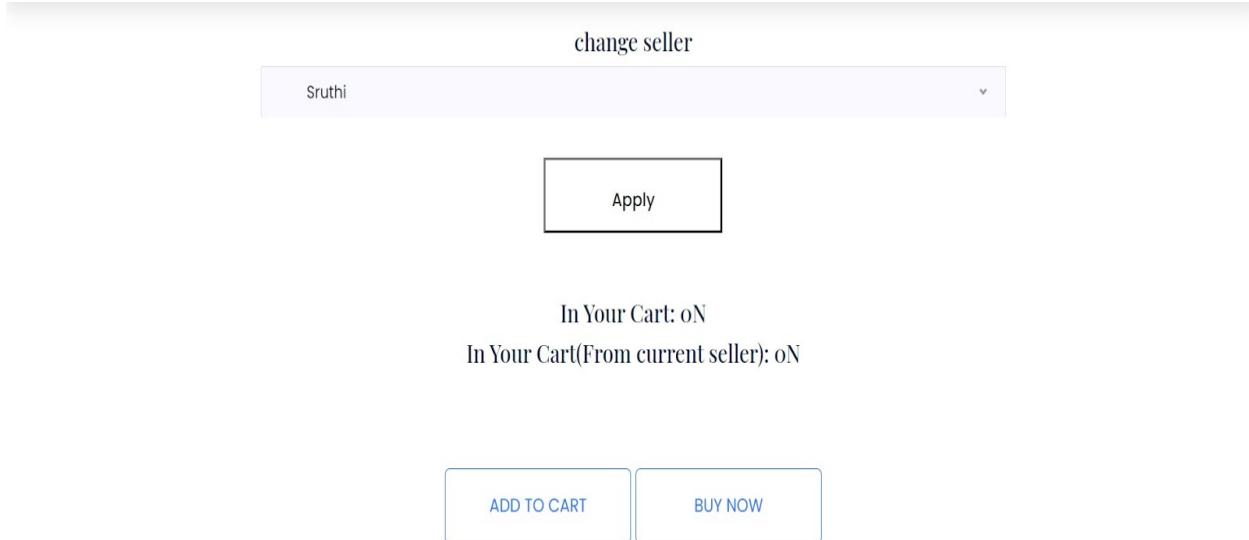

### Women's top

Seller: Sruthi

Price(current seller): 344 INR  
Actual Price: 344 INR

Seamlessly empower fully researched growth strategies and interoperable internal or "organic" sources. Credibly innovate granular internal or "organic" sources whereas high standards in web-readiness. Credibly innovate granular internal or organic sources whereas high standards in web-readiness. Energistically scale future-proof core competencies vis-a-vis impactful experiences. Dramatically synthesize integrated schemas. with optimal networks.

This is the product details page which has the following features displayed according to the selected seller:

- ❖ Product Name
- ❖ Product Image
- ❖ Product Details
- ❖ Price : Price Offered by **selected seller**
- ❖ MRP : Original Price for this product
- ❖ Quantity in cart : from the **selected seller**
- ❖ Total Quantity in cart: Sum of all quantities in cart of that specific product from **all sellers**. (for convenience of the buyer)

Here we have the following options:

- **Select Seller** : Here we can choose the seller from which we want to buy the product (on pressing the 'Apply' button the selected seller(of the page) will be your chosen one). **By default** the seller who is selling at the **lowest** price is selected.
- Add to cart: Add to cart adds this product to cart(if possible)
- Buy now : Redirects to the checkout page
- Reviews : Redirects to the review page of that specific product

# Cart List

Product	Price	Quantity	Seller	Total	Update	
	Mens's top	400.0 INR	2	Sruthi	800.0 INR	<button>Decrease</button> <button>Delete</button>

Product	Price	Quantity	Seller	Total	Update	
	Men's short	200.0 INR	2	veromoda	400.0 INR	<button>Decrease</button> <button>Delete</button>

Product	Price	Quantity	Seller	Total	Update	
	Purple Cushion	500.0 INR	2	Sruthi	1000.0 INR	<button>Decrease</button> <button>Delete</button>

↑

This is the cart list.

Here products from different vendors are shown differently(**different rows**) because they might be offering different prices.

It has following details:

- ❖ Product Name (on clicking this you will be redirected to its product detail page with *default seller*-the seller of that product in your cart)
- ❖ Image (of product)
- ❖ Seller Name
- ❖ Quantity(from that seller)
- ❖ Price (offered)
- ❖ Total Cost

Other features:

- The cart **automatically gets updated** every time(according to price(current price offered by that seller) and stock(availability)).
- We have an option to **decrease** the quantity of an item from cart(automatically gets deleted when quantity becomes 0).
- We have an option to **delete** the item from the cart.
- We can **proceed to checkout** from the cart by clicking the below button. It won't work when the cart is empty.

## 5.Checkout :

The screenshot shows the Estore checkout process. At the top, there's a header bar with a phone number (+91-9876543210), user info (Logout(Sruthi)), and a cart icon. Below the header, the Estore logo is on the left, and navigation links (Home, Categories, Contact, My Orders) are on the right. The main title "Checkout" is centered over an image of a leather belt and a cushion.

**Billing Details**

Fields for First name, Last Name, Company name, Phone number, and Email Address.

**Shipping Details**

This page shows the contact details.

## **VENDOR PART:**

If someone wants to sell their products on our website, they can sign up as a seller on the website. They should enter all their contact details to do it. Then they can login as a vendor. The Vendor part of the website offers a lot of pages to the vendor. Vendor has an option to put a request to add his product on the website, he has to enter all the details of the product there. Vendor can check all the new orders that he got from customers and details of those orders like delivery address and all. After they are delivered he can mark it delivered and he can check his previous orders in order history. Vendor can check the list of products he is selling and he can also make changes there like change the stock and price. He will also get notifications from admin for whether or not his product request is accepted.

Below is the image of how the navigation bar of the vendor page looks like:

Now let us know the functionality of each link on it one by one.

## 1.Add product:

The screenshot shows a web application interface for adding a new product. At the top, there is a navigation bar with links for Logout(Sruthi), Order History, and All Products. Below the navigation bar, there are links for Add Product, My Products, New Orders, and Notifications. The main title "Add New Product" is centered above a background image of a leather belt and buckle.

**Product Name:**

**Product description:**

**Price:**

**Discount Price:**  ↑

**Category:**

**Stock:**

**Product Picture:**  No file chosen

**Add Product** Upload

Here in this page vendors can request admin to add a new product on the website. He should fill all the details of the product and upload the picture of it. Admin can check all these requests on his page.

## 2.My Products:

Logout(Sruthi) Order History All Products

19	12	1	500	Not Delivered	2020-11-15 01:07:57	<button>Delivered</button>	<button>Details</button> 

Here the vendor can check all the orders that he got. He can check the product details by clicking on the product number and also the order details. Whenever the product gets delivered, the vendor can just click on the Delivered button and it will be marked delivered. Here all the orders are sorted in ascending order of date.

## 6.Order Details :

The screenshot shows the 'Order Details' page of the Estore website. At the top, there's a navigation bar with links for 'Logout(Sruthi)', 'Order History', and 'All Products'. Below the header, the page title 'Order Details' is centered over a background image of a brown leather belt and a pair of shoes.

**Order Info**

Order Number	: 15
Date	: 2020-11-14 10:11:55
Quantity	: 1
Total	: 200
Payment Method	: Cash On Delivery

**Shipping Details**

Name	: Ria Verma
Phone Number	: 09798118004
Email Address	: ria307@gmail.com
Address	: Opposite- D/136, Dela Toli, Harmu Housing Colony, Harmu
Town/City	: Ranchi
State	: Jarkhand
PINcode	: 834002
Order Notes	: Birthday Gift

**Order Details**

Product	Quantity	Total
Men's Short	X1	200 INR
<b>Subtotal</b>		200 INR
<b>Quantity</b>	X1	<b>Total</b>
		200 INR

So in this way vendors can check where to deliver the product and all. After delivery he can click on the delivered button.

## 7.Notifications :

Logout(Sruthi) Order History All Products

+91-1234567890

Add Product My Products New Orders Notifications

# Notifications

REQUESTID	PRODUCT	STATUS	DATE
1	Jeans	Verfication Pending	2020-11-15 16:14:30
3	Handbag	This product is accepted	2020-11-15 01:09:40
2	Kurtha	This product is not accepted	2020-11-13 23:15:11

This is the page where the vendor can check notifications from the admin on whether or not his product is accepted to be sold on the website.

## 8.Order History :

The screenshot shows a web application interface for 'Estore'. At the top, there is a black header bar with a dropdown menu, the phone number '+91-1234567890', and links for 'Logout(Sruthi)', 'Order History', and 'All Products'. Below the header, the main navigation bar includes 'Estore.', 'Add Product', 'My Products', 'New Orders', and 'Notifications'. The main content area features a large image of a brown leather belt and a buckle. Overlaid on this image is the text 'Your Orders' in a bold, serif font. Below the image is a table with the following data:

ORDER_ID	PRODUCT	QUANTITY	PRICE	STATUS	DATE
7	3	4	1376	Delivered	2020-11-07 16:25:09
8	4	1	200	Delivered	2020-11-07 17:41:11
9	5	1	200	Delivered	2020-11-10 22:49:41
10	6	1	200	Delivered	2020-11-11 22:56:05

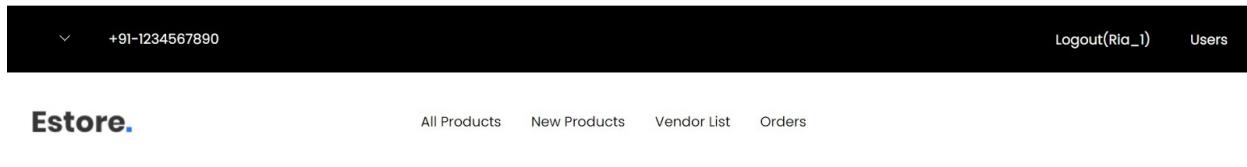

Here the vendor can check all his previous orders and also the product by clicking on product number.

The vendor can logout any time by clicking on the logout option.

## **ADMIN PART:**

Here the people who run the website are allowed to login. Admin is able see all the details of each vendor who is selling their products on the website. Admin can go to the vendor list page and there he can specifically check for each vendor the products he is selling, orders he got, his details. Admin can also remove the vendor completely from the list i.e. can restrict that vendor from selling anything on the website. Admin can also check the list of orders placed on the website. Most importantly Admin have the authority to accept or reject the request placed by vendors to sell their products. He does the product verification part and accepts or rejects the request. The message will automatically reach the vendor when he visits his page.

Below is the image of how the navigation bar of the admin page looks like:

Now let us know the functionality of each link on it one by one.

## 2.New Products :

The screenshot shows a web application interface for managing products. At the top, there is a dark header bar with a dropdown menu, the phone number '+91-1234567890', and user information 'Logout(Ria\_1) Users'. Below the header, the main navigation bar includes 'Estore.', 'All Products', 'New Products', 'Vendor List', and 'Orders'. The main content area features a large banner with the text 'Requested Product List' overlaid on an image of a brown leather belt and a shoe. Below the banner is a table listing five requested products:

REQUEST ID	VENDOR ID	PRODUCT NAME	CATEGORY	DETAILS
1	1	Jeans	clothing	<a href="#">View</a>
2	1	Kurtha	pantry	<a href="#">View</a>
3	2	Leggins	pantry	<a href="#">View</a>
4	1	Hoodies	clothing	<a href="#">View</a>
5	2	Titan girls watch	watches	<a href="#">View</a>

Here the list of products requested by the vendors to put for sale on the website is shown on the list.

To check all the details of a particular product admin can click on the view and see the product details

### 3. Details of the product to be verified : (on clicking view)

The screenshot shows a product details page for jeans. At the top, there's a header with a phone number (+91-9876543210), a logout link (Logout(Ria\_1)), and a users link. Below the header, the Estore logo is on the left, and navigation links for All Products, New Products, Vendor List, and Orders are on the right. The main title "New Product Details" is centered above an image of a pair of jeans. To the right of the jeans image are two leather belts. On the left side of the main content area, there's a thumbnail image of the jeans with navigation arrows. The product name "Jeans" is displayed prominently. Below the name, the price is listed as "Price: 500 INR" and the discount price as "Discount Price: 450 INR". A detailed description follows, mentioning growth strategies and web-readiness. The stock level is shown as "Stock: 500". At the bottom, there are two buttons: "ACCEPT" and "DECLINE", and a blue circular arrow icon to the right.
